

Tow POLICY

Beginning October 1st. 2020, Meyer Enterprises Inc. will implement a driver accountability reward.

Each driver will be allotted **one** free tow per 12-month period. Thereafter the driver will be responsible for **50%** of the tow bill. This cost will be deducted in **\$25** increments per pay period until fully paid off.

Every October, each driver will be given a punch card to keep track of the number of months without a tow. If a driver can go a whole year without a tow, they will receive a reward for practicing great safety at the end of that 12-month period.

** Your free tow counts towards a punch.

I, _____, understand the new tow procedure mentioned above effective October 1st, 2020.
